LEONID KRUCHENOK

FRONT-END DEVELOPER

PORTFOLIO

I'm a result oriented frontend developer with experience in creating Landing Pages and SPA, using React(JS/TS), Redux, HTML & CSS. Now I am improving my skills in this direction and expanding them with new technologies. And also I have interest to learn React Native.

My free time is dedicated to improve my programming skills and boosting my English. After working as a freelancer, I would like to find a project work/full-time job in a creative company with up-to-date task and collaborative team!
